## SUMMARY

A recent BCA graduate with a strong passion for web development and a solid foundation in modern technologies. I have successfully worked on projects that demonstrate my skills in front-end and back-end development. I am now looking for an internship or full-time role to further enhance my knowledge and contribute to real-world projects. My aim is to continuously learn and apply my skills in a dynamic work environment while delivering high-quality solutions.

---

## PROJECT

### GetMyPass – Event Ticketing & Management System

Self-Driven Academic Project (BCA Final Semester)

- [get-my-pass.vercel.app/](https://get-my-pass.vercel.app/)
- Built a full-stack event management platform using Next.js, MongoDB, and Twilio for OTP-based authentication. Features include event management, digital ticket sales, and media handling via Cloudinary.

### Portfolio Website

Self-Driven Personal Project

- [portfolio-sage-zeta-31.vercel.app/](https://portfolio-sage-zeta-31.vercel.app/)
- Developed a responsive and modern portfolio website showcasing my skills, projects, and achievements. Integrated dark mode, animations, and dynamic elements for an enhanced user experience.
